

Tollycraft, Tollycraft

D **D**
We set out in the morning, Heading toward the sunrise,

D **G** **A**
The sky in the East was on fire with the dawn.

D **D**
The water was churning, Our Tolly was flying,

D **G** **A** **D**
With my face to the wind I was singing this song.

Chorus:

G **D** **G** **A** **D**
Tollycraft, Tollycraft take me away now, set me a course on a path to the sun,

G **A** **D** **G** **A** **D**
Tollycraft, Tollycraft take me away now, away to a world where dreams are begun!

D **D**
Out from the harbor, we cruise through the waters,

D **G** **A**
To our secret spot blessed by sun every day,

D **D**
Down with the anchor, we bath in the sunshine,

D **G** **A** **D**
And sing out this song as we head far away.

(Chorus)

We dance in the waters, free as the sea gulls,
That follow us out, and sing us their song,
The voice of the wind joins in harmony singing,
The sea makes the rhythm as we cruise along.

(Chorus x2)

Away to a world where dreams are begun...
